

CARF Canada is hiring for two positions!

- **Accreditation Advisor (Aging Services and Medical Rehabilitation)**
- **Accreditation Advisor (Employment and Community Services, Children and Youth Services, and Behavioural Health)**

As a member of the CARF Canada team, this position supports account growth in specific areas of accreditation and/or provinces, by promoting the value of accreditation in line with CARF Canada's strategic marketing plan. Utilizing knowledge of industry structure, trends, and public policy, and in conjunction with the Chief Accreditation Advisor, cultivates effective relationships with CARF Canada stakeholders and decision makers; conducts in-depth research and analysis of market data; provides comprehensive verbal and written information and recommendations on marketing trends in the environmental context for CARF; identifies, develops and implements plans for building interest in CARF accreditation; demonstrates knowledge of varied human service programs, service delivery, and quality outcomes; provides input into standards and program opportunities in the Canadian context; and demonstrates comprehensive understanding of CARF's philosophy, values, mission, and services. Supports organizations throughout Canada in initial stages of accreditation process and acts as a resource to these organizations throughout the accreditation cycle. Works with the team across areas of accreditation and provinces to further the goals of CARF Canada.

This position is eligible for a home based office as per CARF's regular telecommuting program if there is no CARF office within the same metropolitan statistical area as the employee's primary residence.
